Local FFA boys will be leading the Bike-A-Thon for the Appomattox County Unit of the American Cancer Society on Sunday afternoon when the riders, both young and old, begin their 10-mile ride to raise funds to fight cancer.

Shown above, left to right, are Dan Swafford, advisor; Dwayne Scruggs, Robert West, Andy Poole, Tony Basemore; and Irby Jones, who are planning to participate in the "Sunday Ride."

FFA Boys Lead Bike-A-Thon

Leading the Appomattox County Unit, American Cancer Society Bike-A-Thon on Sunday afternoon will be a group of local FFA boys. The route will cover ten miles with cash pledges for each rider going to the local unit to help in the fight against cancer. Proceeds this year are expected to exceed the $2,600 raised by the 65 riders who participated in the 1973 Bike-A-Thon in our county.

If you wish to join in and be a part of this Bike-A-Thon you may pick up an application at Appomattox Middle School, Appomattox County High School or at the Traveler's Inn Motel. The event is open to teen-agers and adults alike.

By getting the pledges, so much per mile, from friends, neighbors and relatives and then riding the Bike-A-Thon route you may be a part of this year's fight against cancer. Remember, it is the greatest desire of the American Cancer Society to lick cancer in this lifetime. Naturally you want this, too.

Get a group of friends together, get your pledges, and try it. What better way to spend a Sunday afternoon and accomplish something very worthwhile at the same time.

Bloodmobile Visit Set October 8th

The second visit of the fiscal year of the Red Cross Bloodmobile to Appomattox has been set for Tuesday, October 8, at Liberty Baptist Church from noon until 6 p.m.

The quota for this visit will be 101 units of blood. Our county was successful in reaching its quota for the first visit and with the critical shortage of blood in the blood-bank at this time we urge citizens of Appomattox to come out and donate a unit of blood and keep Appomattox 100% in the blood program. There will be five visits in all during the current fiscal year.

Mrs. Lucy Harvey, Chairmen of the Blood Program for Appomattox County, urges everyone to make plans to come out on Tuesday, October 8th, and give a unit of their life-saving blood. Remember that 18 year-olds can donate now without parental consent.

Help!!!

Would you like to help beautify your surrounding community? Miss Carla Varner, State President of the Future Homemakers of America and a senior at Appomattox County High School knows a sure way to get it on the road and asks your help in doing it!

Appomattox Council Adopts Water Quality Control Plan

The Appomattox Town Council Monday night voted to adopt the concept of the Quality Water Control Plan as set forth by the State Water Control Board.

The plan had previously been accepted by the Appomattox County Board of Supervisors with the town adopting the plan, there will be no violation of state law.

In other action at Monday night's meeting the council declared Sept. 29 as Bike-A-Thon Day. The action was prompted by a request from Mrs. W. E. Jamerson who was representing the American Cancer Society which sponsors the annual event.

Mrs. Betsy Carter of the Appomattox Junior Women's Club gave council a progress report on plans for the Historic Appomattox Railroad Festival and council voted to present a trophy to a float or marching unit in the festival parade.

A request by the Information and Referral Center for 220 volt electric service in the town owned building occupied by the IRC was disapproved by

John F. Steedly To Speak At Chamber Meeting

John F. Steedly

John F. Steedly, Vice President, Manufacturing, Virginia Fibre Corporation, will be the guest speaker at the General Membership Meeting of the Appomattox County Chamber of Commerce when they meet at 7 p.m. at Maudes Restaurant on Thursday, October 3, 1974. Mr. Steedly is now associated with Virginia Fibre Corporation's Riverville Mill in Amherst County.

Born in Jacksonville, Florida, he is a graduate of Tallahassee High School. Following graduation in 1943, Steedly received an appointment as Midshipman USNR to the U. S. merchant Marine Academy and upon completion of 18 months training he received a commission as Ensign in the U. S. Navy where he served 17 months active duty in the Pacific Fleet. He received his degree in Mechanical Engineering from Georgia Tech in June of 1951.

Following graduation, Steedly worked for Squires Company and the Coca Cola Company before entering the paper industry at Bowaters Southern Paper Corporation Mill in Calhoun, Tennessee in 1954. He then joined a company that later built and operated Great Northern Paper
